

POLITICAL.

The last number of the Covington (Ja.)... The Louisville Courier is indignant that Kentucky should be considered "out of the ring" in the great Presidential fight.

John A. Griswold was on the Central train which reached Albany at 4 o'clock on Saturday. Some Democrats thought it would be a good idea to take a vote on the train.

Frank Blair, in 1861, said: "The Democratic party of the present day is Democratic in name, and nothing else. The old Jefferson and Jackson principles have been abandoned."

General Butler's letter to the friends of the Democratic party of the present day subscribers. It has not one sentence of true Democracy to animate the masses.

The Boston Traveller has this: "General Butler inquires what will become of Edward Atkinson in a certain contingency which he names in his letter."

General Blair has stated in a letter which has been circulated freely among his friends, that "unless the Democracy carry Pennsylvania by a large majority next week, Seymour cannot be elected."

General Blair and Blair Club in Chatham, N. Y. He has this to say to the "Klein Club": "He has no right to do with the Democratic candidate accepted his nomination, or is it merely a foreboding of the future that awaits him?"

The Democrats are improving their songs. One of the latest contains the following: "Niggers now can vote; so can I guess; I'll go Massachusetts and run for Congress."

General Kilpatrick, in a recent speech, made the following declaration: "I told the ratio Seymour to his face, in 1861, that he was the head and front of the riots, and that the Government ought to send him under guard to Fort Lafayette. If it had been in command I would have done it."

There goes another mortgage on your farm, in the name of the "Republican Party." The Hartford Post says: "The only question with us in Cincinnati is, what shall be our majority for next year?"

The Louisiana Republican puts down Michigan for thirty thousand Republican majority.

FINANCIAL.

GOLD BONDS OF THE CENTRAL PACIFIC RAILROAD CO.

A limited quantity of the THIRTY-YEAR SIX PER CENT FIRST MORTGAGE BONDS of the Central Pacific Railroad Company are offered to investors, for the present, at

103 per cent. and Accrued Interest, in Currency. These Bonds are secured by a Trust Deed upon the most important link of the great Inter-Oceanic Railroad, two-thirds of which is already built, at a cost of nearly

ONE HUNDRED MILLIONS, and which enjoys already a self-sustaining way traffic. The whole line of continuous rail between

New York and San Francisco will be completed by July next, when an immense through business will undoubtedly follow. More than TWELVE HUNDRED MILES of the distance between the Missouri River and the Pacific Ocean are already traversed by the locomotive; and it is probable that THREE HUNDRED MILES additional will be completed during the current year. The future of this Line, therefore, is unusually promising.

THE CENTRAL PACIFIC RAILROAD CO. receive from the United States Government about ten millions of acres of the

PUBLIC LANDS situated along the line of their Road; also a Subsidy Loan of U. S. SIX PER CENT. BONDS, averaging \$30,000 per mile, as fast as the sections of twenty miles are completed. They have received, in addition, important GRANTS from the State and cities of California, worth more than \$4,000,000 IN GOLD. The proceeds of these Lands, Bonds, Capital Stock, Subscriptions, contributions, and Net Earnings are invested in the enterprise, to which is added the amount realized from First Mortgage Bonds. THESE LATTER HAVE THE FIRST LIEN UPON THE WHOLE PROPERTY, and are issued to the same amount only as the Government advances, or to the extent of about one-third the cost value of the Road, equipment, etc.

The Cash Resources are abundant for the completion of the work, and the NET EARNINGS, FROM THE WAY TRAFFIC UPON 500 MILES NOW OPEN FOR BUSINESS ARE MORE THAN DOUBLE THE CURRENT INTEREST LIABILITIES.

Besides a mileage upon all through business, this Road, having the best lands for settlement, the most productive mines, the nearest markets, and being exempt from competition, will always command LARGE REVENUES, WHICH ARE WHOLLY IN GOLD.

Two-thirds of the entire Loan is already marketed, and, judging by past experience the Loan will soon be closed. Investors who desire an unusually safe, reliable, and profitable security would do well to purchase before the Bonds are all taken.

The Company reserve the right to advance the price at any time, but all orders actually received at the time of any such advance will be filled at present price. At this time they pay more than eight per cent upon the investment, and have, from National and State laws, guarantees superior to any other corporate securities now offered.

The First Mortgage Bonds are of \$100 each, with semi-annual gold coupons attached, payable July and January. BOTH IN INTEREST AND PRINCIPAL ARE MADE EXPRESSLY PAYABLE IN UNITED STATES GOLD COIN. The back interest from July 1 is charged only at the current rates.

We receive all classes of Government Bonds, at their full market rates, in exchange for the Central Pacific Railroad Bonds, thus enabling the holders to realize from FIVE TO TEN PER CENT. PROFIT and keep the principal or their investments equally secure, and receive the same rate of interest for a longer period.

Orders and inquiries will receive prompt attention. Information, Descriptive pamphlets, etc., giving a full account of the Organization, Progress, Business and Prospects of the Enterprise, furnished on application. Bonds sent by return Express at our cost.

PROPOSALS. DEPARTMENT OF PUBLIC HIGHWAYS, OFFICE NO. 104 S. FIFTH STREET, PHILADELPHIA, Oct. 7, 1868. Sealed proposals will be received at the office of the Chief Commissioner of Highways until 12 o'clock M., on MONDAY, 12th inst., for the construction of the following Sewer on the line of Union Street, from Third Street, two hundred and fifty feet westerly to Police Station, three feet in diameter. Sixth Street, from Fourth Street to Wagar Street, eight hundred and two feet long, three feet in diameter. Fourth Street, from Broad to Sixteenth Street, nine hundred and fifty feet long, three feet in diameter. Eighth Street, from East Street to Cross Street, seven hundred and seventy feet long, three feet in diameter.

When the street is occupied by a City Passenger Railroad track, the sewer shall be constructed alongside of said track in such manner as not to obstruct or interfere with the safe passage of the cars thereon; and no claim for removal of said track shall be entertained by the contractor until after the sewer is laid in accordance with the Act of Assembly approved May 8, 1867.

All bidders are invited to examine the plans at the time and place of opening the said Proposals. Each proposal will be accompanied by a certificate that a bond has been given to the satisfaction of the Department, in accordance with the Act of Assembly approved May 25, 1868. If the lowest bidder shall not execute a contract within five days after the opening of the said Proposals, he will be deemed as declining, and will be held liable on his bond for the difference between his bid and the next highest bid; and the Department reserves the right to reject all bids not deemed satisfactory. Specifications may be had at the Department of Surveys, which will be strictly adhered to.

MARLON H. DICKINSON, Chief Commissioner of Highways.

DEPARTMENT OF PUBLIC HIGHWAYS, OFFICE NO. 104 S. FIFTH STREET, PHILADELPHIA, Oct. 7, 1868. Sealed proposals will be received at the office of the Chief Commissioner of Highways until 12 o'clock M., on MONDAY, 12th inst., for the construction of a Sewer on the line of Twenty-first Street, from Cross Street to Spruce Street, thence eastward along the line of Spruce Street to a point about 300 feet east of Twenty-first Street, nine hundred and fifty feet long, three feet in diameter.

When the street is occupied by a City Passenger Railroad track, the sewer shall be constructed alongside of said track in such manner as not to obstruct or interfere with the safe passage of the cars thereon; and no claim for removal of said track shall be entertained by the contractor until after the sewer is laid in accordance with the Act of Assembly approved May 8, 1867.
